6th August 2018
Term three, week three

Dear Parents and Caregivers,
What an awesome adventure we had last week in Queenstown. Many new and exciting experiences that we can now bring to our learning. Again, thank you so much to everyone for all your efforts in getting us there.

This week we welcome Jared Emms to Rere School. Jared is in his second year training as a teacher. He will be working in the senior room for the next six weeks. Welcome Jared.

THIS WEEK'S AWARDS:

These awards are from week one of the term.

Congratulations to **Charlie Worsnop** and **Robbie Worsnop** who received our **VALUES** certificates for **RESPECT** this week. Charlie received his award for always showing respect towards others at school. Robbie received his award for always showing respect towards others.

SCHOOL VALUE: the value at the heart of our learning community over the next two weeks is **RESILIENCE**.

CONGRATULATIONS also to **Nicora Las Vegas** who received a classroom award for settling straight back in to learning after the break. **Mikaera Tamatea** received a classroom award for having the confidence and enthusiasm to take on new challenges.

Well done to everyone who received recognition for their learning this week. Ka rawe!

SCHOOL NEWS:

The Science and Technology Fair is being held from the 17th-21st August so if you happen to be in town over that weekend pop in and see your children's displays. These will also be on show at the speech evening at the end of the term. For more information go to <http://mysciencefair.nz/>

The speech topic this year as determined at the Small and Rural Schools' Principals meeting is, "**How I can contribute to this world to make it a better place.**" We will be working on these as part of our Literacy programme over the coming weeks. Every child will present their speeches at a speech evening on the 27th September to which all whānau will be invited.

FOOD FOR THOUGHT:

Carbohydrates are our main source of fuel for the brain and muscles. Ensure your child can hit the ground running by packing the lunchbox with the best type of carbohydrate, found in wholegrain breads, cereals, beans, fruit and vegetables. Top Tip: Involve your child in the lunchbox preparation and they will be more likely to eat their masterpiece. Tired of packing the same old soggy sandwiches? Try these ideas out and pack a lunch so good it will never come home!

Sandwich Substitutes

- Grains roll with salad & hummus/salsa/tzatziki
- Vegetable sushi or rice paper rolls
- Vegetable quiche or frittata
- Leftover rice, chop suey, couscous or pasta or kumara salad
- Chicken, tuna, egg, falafel or salad tortillas, bagels, paninis or pita pockets
