Term three, week ten

Dear Parents and Caregivers,

It is with much regret that I need to inform our school community that the wearable arts evening planned for this Thursday has had to be postponed. The teachers responsible for the technology curriculum do not feel that we are prepared enough to do justice to the hard work that has been going on in creating these designs. The high number of absences has meant that many children do not have a finished product to present nor have they had the opportunity to practice the presentations.

School will be as usual on Thursday, no early finish.
